WELCOME

Held under the theme *New Generation, Clean Energy, and Green Environment*, the Rotary 7th District 2452 Conference 2020 will address a number of current and pressing issues, including clean energy and a green environment, and the active and effective engagement of our youth in today's economies and societies.

Moreover, and typically in-line with Rotarian hospitality practices, the conference endeavors to promote the host country, our Jordan, to some 500 Rotarians from all over the world by offering an inspirational experience to our guests before, during, and after the main event.

7th DISTRICT 2452 | MAY 28th - 31st, 2020
CONFERENCE | AMMAN - JORDAN

MEET OUR DELEGATES

The Rotary 7th District 2452 Conference 2020 is the closest it can get to a C-Suite Level Conference.

It is a congregation of business and professional leaders from across a variety of professions, sectors and vocations who are seeking an authentic and engaging networking experience.

With four very priceless days, your brand will be exposed to over 500 participants representing highly recognized business executives and community leaders who attend from Jordan, the Region and even the World in aspiration for successful professional relationship building.

WE ARE ROTARY

Rotary is a global network of professionals, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change around the globe, in our communities, and in ourselves. With a mission to provide service to others, promote integrity, and advance world understanding, goodwill, and peace through our fellowship of business, professional, and community leaders, Rotary is home to over 1.2 million members who belong to more than 35,000 clubs in 200 countries and geographical areas.

The Hashemite Kingdom of Jordan is home to eleven clubs who have since 1956 embraced the shared responsibility of taking action toward our world's most persistent issues. As such, our clubs and their members contribute passion, energy, and resources to promote peace, fight disease, support education, grow local economies, save mothers and children, and provide clean water, sanitation, and hygiene.

The host of the conference, the Seventh District, combines three continents and nine countries; Armenia, Bahrain, Cyprus, Georgia, Jordan, Lebanon, Palestine, Sudan and the United Arab Emirates.

It is therefore our honor and privilege that this District's Conference will not only be hosted in our beloved Jordan, but also be chaired by a Jordanian District Governor, Mr. Shawkat Tadros, who assumes this important and prestigious regional position in July 2019 for the customary one-year term.

ROTARY'S SIX AREAS OF FOCUS

Peace and Conflict Prevention/ Resolution

Rotary encourages conversations to foster understanding within and across cultures. They train adults and young leaders to prevent and mediate conflict and help refugees who have fled dangerous areas.

Disease Prevention and Treatment

Rotary educates and equips communities to stop the spread of life-threatening diseases like polio, HIV/AIDS, and malaria. They improve and expand access to low-cost and free health care in developing areas.

Water and Sanitation

Rotary supports local solutions to bring clean water, sanitation, and hygiene to more people every day. They don't just build wells and walk away, they share their expertise with community leaders and educators to make sure their projects succeed long-term.

Maternal and Child Health

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. Rotary expands access to quality care, so mothers and their children can enjoy a healthy life.

Basic Education and Literacy

More than 775 million people over the age of 15 are illiterate. Rotary's goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Economic and Community Development

Rotary carries out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. They also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

JORDAN ROTARY PROGRAMS

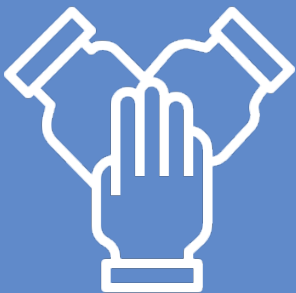

GIFT OF LIFE AMMAN (GOLA)

Gift of Life Amman (GOLA) is a Jordanian Charitable society founded in 2006 by a group of Jordanian Rotarians and friends of Rotary inspired by the Gift of Life International, to facilitate open-heart surgeries for underprivileged children in Jordan with Congenital Heart Defect. To present, more than 420 children, from Jordan and the region, received open heart surgeries and medical care that has been funded by Rotary, local and international partners.

CLEAN WATER FOR MINISTRY OF EDUCATION PUBLIC SCHOOLS

Rotary Clubs in Jordan have taken upon themselves a commitment to provide Clean Water and Hygiene Education in all Public Schools in Jordan. Clubs have installed new water tanks, water filters, pipes, faucets, washing stations and secured areas for drinking in a number of public schools throughout Jordan with the help of Rotary Clubs in Italy and Japan funded by The Rotary Foundation grants. This pilot project focuses on providing clean water and hygiene education. The objective of the project is providing clean water and equipping teachers and parents to educate children on better hygiene practices through training. Clean water and hygiene education programs are basic necessities for a healthy environment and a productive life as waterborne diseases decrease, children stay healthier and their academic development increase. About 120 schools have been covered so far.

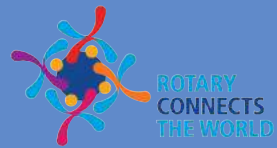

LET'S TALK

We look forward to welcoming your esteemed brand as a “Rotary 7th District 2452 Conference 2020” supporter. For more information about our various sponsorship packages, please contact our official event management team at:
